Costa Verde Ilha Grande Romântica

Round trip transport package – inn with breakfast - tours

Ilha Grande Romantic

It takes place south of Ilha Grande, on the south coast of Rio de Janeiro. It is the perfect place to enjoy a few days with the one you love, enjoying one of the most bucolic beaches on the island with its transparent green waters, as well as activities and romantic environments that will bring you even closer.

1st Day - Your trip starts with boarding the transport that will drop you at the port of Angra dos Reis to board the boat that will take you to Praia Vermelha in the south of the island.

You will have the afternoon at leisure to explore the beautiful region. For the more adventurous and those who arrive early on the island, you can take a trail of approximately 6 km to reach one of the main attractions of Ilha Grande: the Gruta Acaiá. Located 8 meters below sea level, the cave hides a spectacle of nature in its interior: an impressive phenomenon of fluorescence. Another place we recommend is the calm and wonderful beach Itaguaçu, next to Praia Vermelha. Almost deserted, this small beach is an ideal paradise for couples looking for tranquility and natural beauty. Enjoy the company and watch the sunset.

2nd Day: The Underwater Paradise SCUBA Dive or Baptism

We have prepared a diving activity that will take you to an underwater paradise that few visitors to Ilha Grande have the opportunity to see. If you have any diving certification (PADI, CMAS, etc), you are eligible to scuba dive and we will provide you with all the necessary equipment. If you have never tried this activity before, then we have prepared a Baptism, where the instructor will always be by your side, guiding you through this natural aquarium. Scuba diving is internationally known by the term 'SCUBA' which is an acronym for "Self Contained Underwater Breathing Apparatus".

Lunch (not included)

Returning to Praia Vermelha, we will have a lunch break on the beachfront (not included). The local cuisine is based on seafood, and super fresh, often with the fish being prepared immediately after fishing.

Boat trip to Lagoa Verde

Lagoa Verde is a corner of shallow, calm, typically green waters and is one of the highlights of Ilha Grande. At very low tide, the islet of Lagoa Verde is joined to Ilha Grande by a narrow strip of sand and rocks. It is one of the few places on the planet where greenish corals are found, hence the name of the place. The marine fauna surprises us even out of the water, in a spectacle due to the shallow depth of its calm and transparent waters. Vessels are anchored and visitors can go down to swim or float.

For those with more experience, the place is perfect for snorkeling and swimming with the small fish that are commonly found beside the boat. The underwater fauna of Lagoa Verde is extremely rich, with several species of fish, as well as starfish, seahorses and turtles. You'll find the greatest diversity of corals and fauna a little further away from the shallower part of Lagoa Verde, but you don't have to go far to be surprised.

3rd Day: Free Day & Transfer to Angra dos Reis - Free day

You will have the day free to enjoy the calm of Praia Vermelha with the ones you love or take a walk in the region if you want, remembering the two special places we have indicated.
